

Finnish Cleantech Cluster Proudly Presents

San Diego 11th August, 2011

Global Cleantech Cluster Association (GCCA)
California Cleantech Collaboration

GCCA and the Finnish Cleantech Cluster in partnership with the Metso, Grant Thornton, swisscleantech, and others, are hosting a targeted business exchange on August 11, 2011 in San Diego. The event will be filled with introductions of the Finnish Cleantech companies as well as global cleantech partners and one-on-one meetings.

Purpose: Bring together clean technology companies from around the world to meet with utilities, vendors, and corporations involved in the cleantech sector.

Cleantech Business Forum Highlights:

- **Worlds Top Cleantech Clusters Coming Together**
Mari Pantsar-Kallio, Finnish Cleantech Cluster
Ben Taube, Global Cleantech Cluster Association
- **Global Bio-Energy Panel Discussion**
Keynote: Risto Lehtimäki, Metso Group
- **Global Energy Efficiency, Intelligent Energy Management & Smart Grids Panel**
Keynote: General Electric, Smart City San Diego
- **Global Water Technology Panel**
Keynote: Donald F. Rutz, Kemira Oyj
- **Pre-arranged One on One Meetings**
